### **SUBMISSION OF HANDICAP CARDS**

Dear Members,

1. There have been some concerns expressed by members regarding handicapping at the Delhi Golf Club.
2. In order to improve the same, we have been requesting members to fill their cards after every round. However, the same is not working satisfactorily. It seems there is a need for a better process to ensure that the cards are filled up after every round.
3. Therefore, we are planning to adopt a revised system as follows: -
  - a) The starter will depute one caddy to fill in score cards of 1 or 2 golfers. Hence for every 4 ball, two caddies of the same 4 ball will ensure that the scores of all 4 players are filled, signed by the respective members and submitted at the designated location.
  - b) Additionally, Scores obtained by members in the Club tournaments as well as in the DGC League will also be used as a bench mark for finalizing members' handicap.
  - c) This will be implemented w.e.f. December 1, 2023. Cooperation from all members is requested in order to make this process effective.

Regards,

**Lt Colonel Rohit Singh (Retd)**
